3a. PREPARATION BASE OF FINANCIAL STATEMENTS:

(a) Basis of Preparation of the Consolidated Financial Statements: These attached interim consolidated and company financial statements for the period ended September 30th 2013 (hereinafter referred to as "interim Financial Statements") have been prepared according to IAS 34 (Interim Financial Reporting) . These interim financial statements include selected disclosures and not all disclosures required by annual financial statements. Therefore they should be considered in combination with the annual financial statements as of December 31, 2012 which are in accordance with IFRS adopted by the EC.

There are no standards applied in advance of their effective date.

The financial statements have been prepared under the historical cost convention, except for derivative financial instruments and shares traded in the stock market, which are measured at fair value**.**

The interim financial statements are presented in thousands of euro. It is noted that any deviations are due to roundings.

(b) Statutory Financial Statements: The Company and its domestic (Greek) subsidiaries maintain their accounting books and prepare Financial Statements in accordance to the Greek Company CL 2190/1920 and the applicable tax legislation. The foreign subsidiaries of the Company maintain their accounting records and prepare Financial Statements in accordance to the applicable laws and regulations of the countries in which they operate. For the preparation of the consolidated Financial Statements of the Parent Company, the Financial Statements of the foreign subsidiaries are adjusted in accordance to the provisions of the Greek Company CL 2190/1920. The accompanying consolidated Financial Statements have been based on the above-mentioned statutory consolidated Financial Statements appropriately adjusted and reclassified by certain out-of-book adjustments in order to comply with IFRS.

***(c) Approval of Financial Statements*:** The Board of Directors of Athens Medical S.A. approved the interim financial statements for the period ended in September 30th, 2013, in November 27, 2013.

3b. PRINCIPAL ACCOUNTING POLICIES:

The Accounting policies, estimations and calculation methods adopted for the preparation of these interim Financial Statements are those used for the preparation of the Annual Financial Statements for the year ended December 31,2012 except the retrospective application of standard **IAS 19 "Employee Benefits"** (see below). This retrospective application requires the restatement of previous Financial Statements, which is analyzed in note 25.

New Standards and Interpretations, amendments of valid Standards: The International Accounting Standards Board, as well as the IFRIC, have already issued a number of new accounting standards and interpretations or have amended valid standards, whose application is mandatory for the periods beginning January 1, 2013 onwards (except if mentioned otherwise below). The Group's and Company's management's assessment regarding the effect of these new standards and interpretations is as follows:

A) Standards and Interpretations effective for the periods beginning or after 1 January 2013

IAS 1 (Amendment) "Presentation of Financial Statements" (effective for annual periods beginning on or after July 1, 2012).
The amendment requires entities to separate items presented in other comprehensive income into two groups, based on whether or not they may be recycled to profit or loss in the future (see statement of comprehensive income).

IAS 19 (Amendment) "Employee Benefits" (effective for annual periods beginning on or after January 1, 2013)
This amendment makes significant changes to the recognition and measurement of defined benefit pension expense and termination benefits (eliminates the corridor approach) and to the disclosures for all employee benefits. The key changes relate mainly to recognition of actuarial gains and losses, recognition of past service cost / curtailment, measurement of pension expense, disclosure requirements, treatment of expenses and taxes relating to employee benefit plans and distinction between "short-term" and "other long-term" benefits (Note 25).

IAS 32 (Amendment) "Financial Instruments: Presentation" (effective for annual periods beginning on or after January 1, 2014)
This amendment to the application guidance in IAS 32 clarifies some of the requirements for offsetting financial assets and financial liabilities on the statement of financial position. The Group is in the process of assessing the impact of this amendment on the financial position or performance of the Group.

IFRS 7 (Amendment) "Financial Instruments: Disclosures" (effective for annual periods beginning on or after January 1, 2013)
The IASB has published this amendment to include information that will enable users of an entity's Financial Statements to evaluate the effect or potential effect of netting arrangements, including rights of set-off associated with the entity's recognized financial assets and recognized financial liabilities, on the entity's financial position.

IFRS 9 "Financial Instruments" (effective for annual periods beginning on or after January 1, 2015)
IFRS 9 is the first phase of the International Accounting Standards Board's ("IASB") project to replace IAS 39 and deals with the classification and measurement of financial assets and financial liabilities. The IASB intends to expand IFRS 9 in subsequent phases in order to add new requirements for impairment and hedge accounting. The Group will quantify the effect in conjunction with the other phases, when the final standard including all phases is issued.

IFRS 13 "Fair Value Measurement" (effective for annual periods beginning on or after January 1, 2013)
IFRS 13 provides new guidance on fair value measurement and disclosure requirements. These requirements do not extend the use of fair value accounting but provide guidance on how it should be applied where its use is already required or permitted by other standards within IFRSs. IFRS 13 provides a precise definition of fair value and a single source of fair value measurement and disclosure requirements for use across IFRSs. Disclosure requirements are enhanced and apply to all assets and liabilities measured at fair value, not just financial ones.

IFRIC 20 "Stripping costs in the production phase of a surface mine" (effective for annual periods beginning on or after January 1, 2013)
This interpretation sets out the accounting for overburden waste removal (stripping) costs in the production phase of a mine. The interpretation does not apply to the Group and the Company

B) Group of standards on consolidation and joint arrangements (effective for annual periods beginning on or after January 1, 2013, unless otherwise stated). The IASB has published five new standards on consolidation and joint arrangements: IFRS 10, IFRS 11, IFRS 12, IAS 27 (amendment) and IAS 28 (amendment). Earlier application is permitted only if the entire "package" of five standards is adopted at the same time. The main provisions are as follows:

IFRS 10 "Consolidated Financial Statements"
The IFRS 10 replaces all of the guidance on control and consolidation in IAS 27 and SIC 12. The new standard changes the definition of control for the purpose of determining which entities should be consolidated. This definition is supported by extensive application guidance that addresses the different ways in which a reporting entity (investor) might control another entity (investee). The revised definition of control focuses on the need to have both power (the current ability to direct the activities that significantly influence returns) and variable returns (can be positive, negative or both) before control is present. The new standard also includes guidance on participating and protective rights, as well as on agency/ principal relationships.

IFRS 11 "Joint Arrangements"
The IFRS 11 provides for a more realistic reflection of joint arrangements by focusing on the rights and obligations of the arrangement, rather than its legal form. The types of joint arrangements are reduced to two: joint operations and joint ventures. Proportional consolidation of joint ventures is no longer allowed. Equity accounting is mandatory for participants in joint ventures. Entities that participate in joint operations will follow accounting much like that for joint assets or joint operations today. The standard also provides guidance for parties that participate in joint arrangements but do not have joint control.

IFRS 12 "Disclosure of Interests in Other Entities"
The IFRS 12 requires entities to disclose information, including significant judgments and assumptions, which enable users of Financial Statements to evaluate the nature, risks and financial effects associated with the entity's interests in subsidiaries, associates, joint arrangements and unconsolidated structured entities. An entity can provide any or all of the above disclosures without having to apply IFRS 12 in its entirety, or IFRS 10 or 11, or the amended IAS 27 or 28.

IFRS 10, IFRS 11 and IFRS 12 (Amendment) "Consolidated Financial Statements, joint arrangements and disclosure of interests in other entities: Transition guidance
The amendment to the transition requirements in IFRSs 10, 11 and 12 clarifies the transition guidance in IFRS 10 and limits the requirements to provide comparative information for IFRS 12 disclosures only to the period that immediately precedes the first annual period of IFRS 12 application. Comparative disclosures are not required for interests in unconsolidated structured entities.

IFRS 10, IFRS 12 and IAS 27 (Amendment) "Investment entities" (effective for annual periods beginning on or after 1 January 2014)
The amendment to IFRS 10 defines an investment entity and introduces an exception from consolidation. Many funds and similar entities that qualify as investment entities will be exempt from consolidating most of their subsidiaries, which will be accounted for at fair value through profit or loss, although controlled. The amendments to IFRS 12 introduce disclosures that an investment entity needs to make.

IAS 27 (Amendment) "Separate Financial Statements"
This standard is issued concurrently with IFRS 10 and together, the two IFRSs supersede IAS 27 "Consolidated and Separate Financial Statements". The amended IAS 27 prescribes the accounting and disclosure requirements for investment in subsidiaries, joint ventures and associates when an entity prepares separate Financial Statements. At the same time, the IASB relocated to IAS 27 requirements from IAS 28 "Investments in Associates" and IAS 31 "Interests in Joint Ventures" regarding separate Financial Statements.

IAS 28 (Amendment) "Investments in Associates and Joint Ventures"
The amendment IAS 28, replaces IAS 28 "Investments in Associates". The objective of this standard is to prescribe the accounting for investments in associates and to set out the requirements for the application of the equity method when accounting for investments in associates and joint ventures, following the issue of IFRS 11.

C) Amendments to standards that form part of the IASB's 2011 annual improvements project. The amendments set out below describe the key changes to IFRSs following the publication in May 2012 of the results of the IASB's annual improvements project. These amendments are effective for annual periods beginning on or after January 1, 2013 and have not yet been endorsed by the EU:

IAS 1 "Presentation of Financial Statements"
The amendment clarifies the disclosure requirements for comparative information when an entity provides a third balance sheet either (a) as required by IAS 8 "Accounting policies, changes in accounting estimates and errors" or (b) voluntarily

IAS 16 "Property, plant and equipment"
The amendment clarifies that spare parts and servicing equipment are classified as property, plant and equipment rather than inventory when they meet the definition of property, plant and equipment, i.e. when they are used for more than one period.

IAS 32,Financial instruments: presentation.
The amendments would clarify that income tax relating to distributions to holders of an equity instrument and income tax relating to transaction costs of an equity transaction should be accounted for in accordance with IAS 12 Income Taxes. As a result, depending on the circumstances these items of income tax might be recognised in equity or in profit or loss.

IAS 34, Interim financial reporting.
The amendment would clarify that total assets for a particular reportable segment need to be disclosed only when the amounts are regularly provided to the chief operating decision maker and there has been a material change in the total assets for that segment from the amount disclosed in the last annual Financial Statements. Currently there is no reference to the amounts being regularly provided to the chief operating decision maker.

4. RISK MANAGEMENT:

The main activities of the Group are influenced by a variety of financial risks, for example, the risks resulted from changes in foreign currency exchange rates and interest rates. The overall financial risk management program seeks to minimize potential adverse effects in the Group's financial position as a whole.

The Group's main financial instruments, except for derivatives and shares, are cash and cash equivalents, bank deposits (sight and time), trade accounts receivable, prepayments and other receivables and accounts payable, bank loans (borrowings). Management periodically evaluates and revises the policies and procedures that relate to management of financial risk, which are described below:

a) Market risk

(i) Foreign exchange translation risk (FX translation risk)

The Group holds participations (business operations) in Romania, whose net assets are exposed to FX translation risk. This kind of FX translation risk derives from the exchange rate RON / € and it is not hedged as there is no substantial exposure. Group's management constantly monitors FX translation risks, that might arise and evaluates the need to take relative actions.

(ii) Price risk

The Group is exposed to securities price risk as it has investments in shares classified, in the consolidated Balance Sheet, as financial assets at fair value through the Income Statement. The price risk is considered limited as these investments represent a small part of the Group's assets. The Group's management team constantly monitors related risks and evaluates the need to take relative actions.

(iii) Cash flow and fair value interest rate risk

The Group's interest rate risk arises from borrowings. Borrowings issued at variable rates expose the Group to cash flow interest rate risk. Depending on the levels of net debt, any change in the base interest rates (**EURIBOR**), has a proportionate impact on the Group's results. For diminishing the effect of the above mentioned interest rate risk beginning from year 2008 the Group entered into financial contracts for interest rate risk hedging purposes. These financial instruments are measured at fair value and are recognized as assets or liabilities in the Financial Statements.

The Group's policy is to minimize its exposure to interest rate cash flows risk with regard to financing issued at variable rates, to maintain its borrowings at controlled levels but at the same time make sure of the funding by cooperative banks that satisfy, by all means, the planned growth of the Group.

A detailed report of Company's and Group's loans is found in Note 23.

b) Credit risk

Credit risk arises from credit exposures to customers, including outstanding receivables and conducted transactions. The maximum exposure to credit risk is represented by the carrying amount of each current asset, including derivative financial instruments and shares. The Risk Control Department assesses the credit quality of the customer, taking into account its financial position, past experience and other factors. Trade debtors credit limits are set based on internal ratings in accordance with limits set by management.

The major part of debtors comes from public insurance organizations and private insurance companies, whose credit risk is not considered significant in terms of the Group's assets and liabilities except for extraordinary events. Regarding the rest of the debtors represented by sales to individuals, risk is diversified due to the large number of debtors (See note 17).

Regarding prepayments and other receivables, credit risk is considered of no significance.

With respect to shares owned and derivative financial instruments, the Group monitors its positions, while especially regarding the derivative financial instruments monitors also the credit ratings of counter parties (See note 19) and the level of contracts it enters into with any counter party.

Additionally, regarding the risks on deposits and equivalent products, the Group has transactions only with recognized financial institutions, with high credit ratings.

c) Liquidity risk

Prudent liquidity risk management implies maintaining sufficient cash and cash equivalents, the availability of funding through an adequate amount of committed credit facilities. Furthermore, the Group estimates and controls its cash flows and it has entered into factoring transactions, aiming to support its working capital (See note 23 and note 17).

(Amounts in all tables and notes are presented in thousands of Euro, unless otherwise stated)

In the financial liabilities of the Group and the Company the derivatives are included, in which the Group monitors its positions, and the level of contracts it enters into, with any counter party. A detailed report is found in Note 19.

d) Capital management policies and procedures

The Group's objectives when managing capital are to safeguard the Group's ability to continue as a going concern in order to provide returns for shareholders and benefits for other stakeholders and to maintain an optimal capital structure to reduce the cost of capital.

e) Fair value estimation

The fair value of financial instruments that are not traded in an active market is determined by using valuation techniques based on market conditions existing at each balance sheet date.

The nominal value less estimated credit adjustments of trade receivables is assumed to approximate their fair values.

Since January 1 2009, Group applies the amendment of IFRS 7, which requires the disclosure of financial assets measured at fair value according to a hierarchy of 3 levels.

• Published purchase prices (not revised or adjusted) for financial assets that are traded in active capital markets **(level 1)**
• Valuation techniques based directly on published purchase prices or computed indirectly from published purchase prices of similar instruments **(level 2)**
• Valuation techniques which are not based on available information from current transactions in active capital markets **(level 3)**

In the table below financial assets and liabilities, which are measured at fair value at 30th September 2013 and 31st December 2012, are shown:

Group 2012

	Level 1	Level 2	Level 3	Total
Financial assets (Interest rate swaps)		1.677		1.677
Financial liabilities (Interest rate swaps)		6.087		6.087

Financial assets (Interest rate swaps)		1.107		1.107
Financial assets at fair value through profit and loss (shares traded in the stock market as well as traded warrants	1.801			1.801
Financial liabilities (Interest rate swaps)		3.424		3.424

The derivatives' and shares' fair value is based on market to market assessment. For derivatives (Interest rate swaps), fair values are confirmed from financial institutions with which the group has entered relevant contracts (See Note 19).

During the period no reclass took place among levels 1, 2, 3 relevant to fair value measurement.

The fair value of financial assets, which are not traded in active capital markets, (for example derivatives over the counter) is measured by using valuation techniques, based mainly on available information about transactions that take place in active markets while using the least possible entity's estimations. These financial instruments are included in level 2.

10. INCOME TAXES:

According to the tax legislation, the tax rate applicable in companies for the year of 2013 is 26%. (20 % the 31st of December 2012).

Income taxes for interim financial statements are calculated based on the valid income tax rate.

The income taxes presented in the accompanying financial statements is analyzed as follows:

	The Group		The Company	
	30/9/2013	30/9/2012(*)	30/9/2013	30/9/2012(*)
Current income taxes:				
Current income tax charge (and other taxes not included in the operating cost)	721	3.632	350	3.509
Deferred income taxes	4.618	1.556	4.615	1.606
Total income taxes	**5.339**	**5.188**	**4.965**	**5.115**

(*) Adjusted due to retrospective application of revised IAS 19 (Note 25)

The effect of the transition from 20% to 26% tax rate, included in the amount of deferred tax for period 1/1-30/9/2013 in both group and company level amounts to €3.2mil. (see six month report at 30/6/2013).

Greek tax laws and related regulations are subject to interpretations by the tax authorities. Tax returns are filed annually but the profits or losses declared for tax purposes remain provisional until such time, as the tax authorities examine the returns and the records of the taxpayer and a final assessment is issued. Tax losses, to the extent accepted by the tax authorities, can be used to offset profits of the five fiscal years following the fiscal year to which they relate.

In a future tax audit of the related unaudited years, additional taxes and penalties may be assessed to the Company and to its subsidiaries. The Group regards that the outcome of the tax audits and the amount of the possible added taxes and fines, is possible to be estimated and thus, a relevant provision has been made in the consolidated Financial Statements related to this subject, amounted to € 1.010 of which € 950 refer to the Parent Company. Parent Company has not been audited by tax authorities for fiscal years 2009 and 2010.

For year 2011 and 2012 an audit has been carried out in terms of providing annual tax compliance certificate, according to the provisions of paragraph 5 of article 82 of CL 2238/94 as well as relevant explanatory circular POL 1159/2011, for the Parent Company and its subsidiaries with residence in Greece. The years that have been audited are considered to be finally assessed after 18 months, starting from the above mentioned certificate’s issuance date.

(Amounts in all tables and notes are presented in thousands of Euro, unless otherwise stated)

Regarding its subsidiaries, the tax authorities have not audited their books and their elements for the years mentioned in table below:

Impairment loss		(27.323)	(27.323)
Balance		**32.889**	**32.889**

The above-mentioned subsidiaries are consolidated, except from Athens Pediatrics Center SA, which is under liquidation procedure and its acquisition cost is totally deleted in the Company's retained earnings. The operation of this company was interrupted before the transition date, the assets and liabilities of its balance sheets are of minor significance and the liquidation procedure does not entail significant costs for the Company. Until the reporting date of the accompanying Financial Statements no final judicial decision has been issued for its dissolution and its final deletion from the S.A. register.

The acquisition cost in Ortelia Holdings SA and in BIOAXIS SRL (former Medsana Srl) has been completely deleted in the stand alone Financial Statements of the Company, according to the provisions of **IAS 27** and **38**. These companies, do not present any operation and their accounting value is greater of their recoverable amount. At the transition date in IFRS, an impairment test took place in the above mentioned investments, during which, it was attributed in Company's cash generating units. The recoverable amount, which in this case was the value of use, was lower than the carrying amount and the impairment loss arose and amounted to € 1,805, was charged against the retained earnings of 1st of January 2004.

In 2012 subsidiaries Hospital Affiliates International and Ortelia Holdings entered liquidation procedure. It is noted that the companies had not any revenue since, while their assets are only current and of no significance compared to the Group's ones. The companies Axoniki Erevna S.A. and Erevna S.A remain in liquidation procedure up to date.

Less: Provision for impairment (trade debtors)	(28.814)	(31.121)	(28.767)	(31.121)
Less: Provision for impairment (trade accounts receivable)	(313)	(313)	(313)	(313)
	163.218	**156.303**	**162.537**	**155.503**

These short term financial assets' fair value is not fixed independenly because it is considered that book value approaches their fair value.

The major part of trade debtors comes from public insurance organizations and private insurance companies, whose credit risk is not considered significant in terms of Groups's assets and liabilities, except extraordinary events. Regarding the rest of debtors, represented by sale to individuals, risk is diversified due to the great number of debtors.

The group impairs the value of trade receivables when there is evidence or indications that the collection of each receivable in whole or up to a percentage is not feasible. The Management of the Group proceeds to temporary revaluation of the formulated provision for doubtful debts in relation with the credit policy and data from the Group's Law Department, which arises from processing past data and recent developments of each case.

For all Group receivables, indications for their probable impairment have been assessed.

(Amounts in all tables and notes are presented in thousands of Euro, unless otherwise stated)

We note that according to Law 4132 (GG 59A – 7/3/2012) and the Ministerial Decision no. 18579 of 19/02/2013 (GG 427B – 25/2/2013) the percentage of discount for the payment of receivables from Public Funds included in EOPYY prior to 31/12/2011, has been set at 8%. For this reason within previous year 2012 the Group has formed a provision for credit notes amounting to € 20.298. In period 1/1-30/9/2013 credit notes have been issued after the clearance of part of relevant debtors, amounted to € 4.713 with equal decrease of the relevant provision that had been formed in previous year 2012.

The adequacy of the above mentioned provision of € 20.298 and regarding possible new discounts for current year 2013, from EOPYY, wil be assessed by company's management at current year's end,

The company after the impairment amounted to € 2.405 that had been formed in year 2010 for debtors against the companies **«Commercial Value S.A.»** and **«Aspis Pronoia S.A.»** formed additional impairment for these debtors by € 1.109 (included in the amount of € 2.359 in the table below), as it accepted further decrease of these debtors after final clearance. The total provision for the above mentioned debtors at 30/9/2013 amounts to € 3.514.

In period 1/1-30/9/2013 an additional impairment has been formed, for doubtfull debtors, of euro 2.406 (see note 7). In addition, some of the non impaired receivables are in delay.

Specifically the impairment account has as follows:

	The Group		The Company	
	30/9/2013	31/12/2012	30/9/2013	31/12/2012
Opening balance	**31.434**	**12.180**	**31.434**	**12.180**

Closing balance	**29.127**	**31.434**	**29.080**	**31.434**

It is noted that the company in terms of the new common bond loan (see note 23) and granting securing in favour of borrowing banks, has transferred trade debtors amounted to €51,05mil., on September 30th 2013.

The company did not derecognise the above mentioned trade debtors from its Financial Statements and the counterparty (the receiver of the transfer) is obliged to return to the Company the amount received from these trade debtors. The counterparty is entitled to retain the amount received from the trade debtors only when amounts due, that are owed to the banks, exist.

It is noted that the company's obligations to lending banks, that must be paid in the following 12 months starting from reporting date (30/9/2013), amount to € 28,7 mil. (long term liabilities payable in the next year), as well as almost € 7,5 mil., amount that is estimated to be the financial expense of bond loan for the above mentioned period.

Group's trade accounts receivable mainly consist of receivables in euro.

Other	440	440
	80.356	**80.356**

(Amounts in all tables and notes are presented in thousands of Euro, unless otherwise stated)

Legal Reserve: According to the Greek Company law, the companies are obliged to form at least 5% of their annual net profits, as they are represented in the accounting books, in legal reserve, until the accumulated amount of the legal reserve reaches at least the 1/3 of the capital share. The above-mentioned reserve cannot be distributed during the operation of the Company.

Tax free and Specially Taxed Reserves: The untaxed and specially taxed reserves represent interest income, which are tax free or taxed by 10% at their source. The particular income is not taxable under the condition that adequate profits exist, from which respective untaxed reserves can be formed. According to the Greek tax legislation, this reserve is excluded from income tax, under the condition that it will not be distributed to the shareholders. The Company does not intend to distribute the particular reserve and thus it has not proceeded to the estimation of deferred income tax that would have been necessary in the case of reserve distribution.

Special Reserves: The special reserves have been formed based on the decisions of the shareholders' General Assemblies. The Company does not intend to distribute the particular reserves.

The special reserve included in the tax free and specially taxed reserves, at 31st December 2012 and at 30th September 2013 amounted to € 4.343 in Company and € 4.437, in Group, was formed according to the provisions of L. 3697/2008. The tax liability which will accumulate due to the distribution of this special reserve is estimated, at 30th September 2013 in € 1.129 for the Company and € 1.154 for the Group and will be recognized, if only its distribution takes place.

The fair value of borrowings approaches their book value, as Group's and Company's borrowings are mainly based on floating rates.

On July 12, 2012 the company has signed the Common Bond Loan Issuance Programme, according to the provisions of C.L. 2190/1920 and L. 3156/2003, through private placement to NATIONAL BANK OF GREECE S.A., EFG EUROBANK ERGASIAS S.A. and ALPHA BANK S.A., the last acting also as a "Manager", of total nominal value of up to € 164.000 and granting of collaterals, following the decision of the 1st Repetitive Assembly of the Shareholders on 21st March 2012 and the decision of the Board of Directors on July 11, 2012.

The Loan's duration is 5 years with floating rate based on Euribor plus margin and is payable in ten (10) installments. The Common Bond Loan was used as follows: i) Refinancing of the 24 May 2007 existing Bond Loan of € 150.000 and remaining to be paid amount of € 144.000, ii) Refinancing of the company's existing short-term borrowings of € 9.000 to bond holder banks, and iii) the remaining amount of € 11.000 will be used in order to cover general business purposes and needs.

The financial clauses of the Loan include presuppositions of minimum Net Debt, minimum proportion of Net Debt to EBITDA, EBITDA to the total amount of interest expenses minus interest income, total Bank Debt to the total Bank Debt plus Equity.

(Amounts in all tables and notes are presented in thousands of Euro, unless otherwise stated)

The current bank loans, except the common Bond Loan (long term liabilities payable in the next year), have been received by the Company and its subsidiaries for serving their needs in working capital.

The loan cost has charged the period's results according to accrual basis principle (Note 9).

The liabilities that result from leases concern the leasing of mechanical – hospital equipment. The liabilities to the lessor are analyzed as follows:

28. OPERATING SEGMENT REPORTING – SEASONALITY OF INTERIM BUSINESS OPERATIONS :

A) The group in year 2009 replaces **IAS 14 «Segment reporting »** with **I.F.R.S. 8 «Operating segment reporting»**. According to I.F.R.S. 8 the definition of operating segments is based on «management approach» while the standard requires the report of group's information based on internal organizational and managerial structures, related to operating segments.

The operating segment performance assessment is based on revenue, operating results and EBITDA. (results before taxes, financing, investing activity and depreciation), while intersegment sales are eliminated in consolidated financial statements. Group applies the same accounting policies for segment performance measurement, with the ones of the financial statements.

Hence the group's operating segments are the following: a) Domestic healthcare service, b) Healthcare service provided abroad (Romania) and c) Sale of medical tools & sanitary/health equipment.

The sales and results of group's operating segments for periods 1/1-30/9/2013 and 1/1-30/9/2012 are the following:

29. RELATED PARTY DISCLOSURES:

The Company and its subsidiaries are related to the following legal and natural persons:

(Amounts in all tables and notes are presented in thousands of Euro, unless otherwise stated)

- with Mr. Georgios Apostolopoulos and the legal persons or other business activities he is related with, due to the majority of shares acquisition in its capital
- with its subsidiaries including their main shareholders and the members of their Boards of Directors
- with the members of the Company's Board of Directors

The transactions with its subsidiaries are mainly concerning the provision of commercial services, as well as the purchasing and selling of goods. The transactions are realized within the normal operating framework of the Company.

The relative balances receivable from associates are not covered by securities, mortgages and their payment in full is conducted by cash payment within the time limits agreed between the companies in question. The Management of the Company does not regard that a provision/allowance for a possible non-collection of its subsidiaries related receivables is needed, hence no provision/allowance for doubtful debtors against these receivables is formed, except the case of subsidiary Ortelia (Note 18) and associate company LAVIE ASSURANCE.

The balances receivable/(payable) of the related party accounts of the Group are as follows:

(Amounts in all tables and notes are presented in thousands of Euro, unless otherwise stated)

31. SUBSEQUENT EVENTS:

In 8th August 2013 the Greek Company **"G.Apostolopoulos Holdings S.A."** submitted optional public offer in order to acquire the total number of shares, of parent company **"Athens Medical Center S.A.".** After the expiration of acceptance period the Greek Company "**G.Apostolopoulos Holdings S.A**." owns directly and indirectly the percentage of approximately 38,88% on the deposited share capital and voting rights of parent company "**Athens Medical Center S.A**.".

The expiration date of bonds amounted to €8.161thous. of common bond loan issuance program,is extended from 2/10/2013 to 19/1/2014 after the consensus of bond holders – borrowers.

According to the no. Y9/fin.77307/14.08.2013 (FEK B' 2045/22.08.2013) decision of Minister of Health Sector, the provisions of article 100 par.5 of L.4172/2013 (FEK. A' 167/23.07.2013) and the Minister's Decision of No. Y9/Fin.91813(FEK B' 2511/7.10.2013) the amounts for the Rebate and the Clawback, related to the submitted invoices from our Clinics to EOPYY, have been determined.

No further provisions for credit notes have been formed in the Interim Financial Statements for the period 1/1 – 30/9/2013, because our Company does not acknowledge neither the accuracy of these amounts, nor the legal basis of EOPYY's decision.

For these reasons, our Company has taken legal actions either as a standalone entity, or as part with other Clinics, requesting the annulment of these decisions. The above mentioned request will be discussed at 17/12/2013 as S.t.E. accepts the relevant preferable appeal.
